2026 WARREN DISTRICT  
AGRICULTURAL SHOW

At Talison Lithium, we know our work is closely connected to the communities around us. Many of our people live locally and are proud to be part of the traditions and events that make this region such a special place to call home.

The Warren District Agricultural Show has been part of local life for well over a century, growing alongside the towns and industries that have shaped this region. It continues to bring families, farmers and neighbours together in a way few events can, celebrating the spirit and resilience of the community.

We are proud to support the show again in 2026, including providing free entry for children under 12. It is a simple way we can help families enjoy this much-loved event and share in the community spirit.

## **President's Message** - *Aimee Bendotti*

Welcome to our Annual Show! We're absolutely stoked to see the community coming together for another brilliant show packed with entertainment, fun, and local spirit. A massive shout-out to our hard-working committee - your dedication, countless hours of planning, and tireless fundraising have made this event possible, your efforts keep our show thriving year after year.

This year our show theme is "horses" and our show rides in with the fiery energy of the Year of the Fire Horse. It's a theme that celebrates resilience, passion, and a bit of cheeky adventure - qualities we see every day in our community. So, whether you're competing, spectating, or just soaking up the vibe, let that fire horse spirit gallop through your weekend!

We kick off the show on Friday with cracking live music acts on the main stage. From local young talents to toe-tapping country tunes, there's something for every music lover. The night will conclude with the WA Chip spectacular fireworks display.

Saturday's packed with excitement. Check out our main ring events, classic show animal competitions, and displays. Make sure to wander through the trade stalls for crafty creations, and tasty treats. The pavilions are always bursting with local talent, -homecrafts, baking, photography and more. If you've entered, good on ya for having a go! If not, take a stroll and admire the entries. Thanks to everyone who contributed; you make the show a true celebration of our community's skills and creativity.

We've lined up stacks of free entertainment for the whole family. The Bucking Bull and Mechanical Horse will test your skills and the insTRUCKta will really open your eyes about road safety. Interact with ponies at the Paddock and Pathway zone. Last year's Young Farmers Challenge was a ripper. Get your teams together, show off your skills, and have a laugh—it's all about friendly competition.

We're proud to host the Ponytail Chop to donate hair for wigs for people with cancer. Did you know it takes between 20-30 ponytails of the same hair type and colour to make just one wig! If you're keen to make a difference (and brave enough for a new look), sign up for the chop and help us support those doing it tough. I will be doing this once again after donating 37cm a few years ago for the very same cause. Check our Facebook page for more information or get in contact if you would like to take the chop on show day with me!

Our heartfelt thanks to all our sponsors—local businesses, organisations, and generous individuals who chip in to make the show possible. Please support them whenever you can; their backing means we can keep this tradition alive and growing. The Annual Show is all about community, so jump in and join the fun. Thank you for coming along and helping make this event a highlight of our year. We hope you have a fantastic time.

## VOLUNTEERING

### Become a volunteer

All Agricultural Shows rely heavily on volunteers to bring their annual show together. Volunteering at a show could mean having a role on the organising committee, setting up displays, taking entries or helping out with the animals.

If you are interested in becoming a volunteer, we are always keen for more assistance. Contact: Aimee Bendotti 0427 761 217

- ❖ All dogs to jump at each height.
- ❖ Each dog is allowed three jump attempts at each height if necessary, until only one dog remains to provide a winner.
- ❖ If more than one dog has jumped the final height, a count back on refusals is to be done to find a winner. If all are equal the prize is shared with each dog declared winners

## **Warren District Ag Society Cavies Show Schedule**

Welcome to the Warren District Ag Society Cavies Pedigree and Pet Cavy Show. Please follow the schedule below to enter your cavies. Each specific class is based on cavy type and genetics.

### **AGOUTI**

Agouti cavies are characterised by a distinct 'ticking' pattern, where each hair alternates between bands of two colours. The Agouti pattern is determined by the dominant Agouti gene (A). These cavies do not carry genes for long hair, satin, or markings. Examples include White Black Agouti, Red Lilac Agouti, White Chocolate Agouti, Cream Slate Agouti etc.

### **MONOCHROME / Self**

Self Cavies are solid coloured throughout their body, controlled by the non-agouti allele (aa). They do not carry genes for long hair, crests or satin. Examples include Self Black, Self Lilac, Self White (DEW and PEW).

### **CRESTED**

Crested cavies have a distinct rosette on their forehead caused by the dominant gene (C). This group includes a Monochrome Crested (solid colours) and Crested Any Other Variety (marked or agouti cavies with a crest). Examples include Black Crested, White Black Agouti Crested and Dutch Crested.

### **HAIRLESS**

Hairless cavies lack fur due to a recessive mutation (hr) with minimal fur on the nose and feet. Examples include Australian Hairless Cavy, Skinny Pig and Baldwin Cavy.

### **MULTI-CHROME / Marked**

Marked cavies have two or more distinct colour patches, controlled by the S locus. Examples include Bi-Colour, Tri-Colour, Brindle, Dutch and Himalayan.

### **ROSETTE**

Rosetted cavies have multiple circular hair whorls, controlled by the dominant gene (R). Examples include Abyssinian (8-10 rosettes) and Ridgeback (a single ridge along the back).

### **TEXTURED**

Textured cavies have unique coat types, such as dense or springy fur, controlled by dominant genes. Examples include Rex (short, springy coat), Teddy (soft plush coat), and Curly Rex (wavy fur).

### **LONG HAIR**

Long-haired cavies carry a recessive gene (I) that leads to continuous hair growth. Examples include Peruvian (long flowing hair), Silkie, Texel (long curls), Coronet (long hair with crest), and Alpaca (wavy long hair).

### **SATIN**

Satin cavies have a shiny coat due to a recessive mutation in the Satan gene. However, they are prone to osteodystrophy, a genetic bone disease. Due to these health concerns, Satin cavies are excluded from Pedigree shows but may be shown in Pet Classes. Examples include Satin Black, Satin Lilac.
